REMARKS

The Notice of Incomplete Reply dated October 31, 2006 states that Applicants' responsive communication filed August 20, 2005 in response to the prior Office Communication requires a statement of whether claim 22 reads on the original elected species of the invention, as illustrated in FIG. 3. Applicants submit that claim 22 does read on the original elected species (FIG. 3), as well as claims 1-2, and 7-8.

In view of the amendments and remarks herein, it is believed that the matters expressed in the Notice of Incomplete Reply have been satisfactorily addressed, and that all claims of the application are now in condition for allowance. However, if for any reason the Examiner does not believe that such action can be taken at this time, the Examiner is requested to telephone the applicants' attorney at the number indicated below to discuss any issues that may remain.

This Response is being filed with a Petition to Revive an Unintentionally Abandoned Application, for which a payment is submitted, attached to such Petition. It is believed that no other fee is due in connection with the filing of this Amendment.
